

Honor Your Graduate -- Help Us Build a "Pathway to the Future"

We invite you to help us build the engineering "pathway to the future" by laying a personalized brick in honor of your graduate for the Engineering Building II (EB II) walkway.

Each brick will hold three lines of text with up to 18 characters per line. Any combination of characters – uppercase, lowercase, spaces, or punctuation – may be used. To order your commemorative brick, please use the form below.

By ordering your personalized brick for your graduate, he or she will become a permanent part of our campus history. Additionally, you will be providing much needed funding to support the educational goals of NC State and the Department of Computer Science.

For more information, please visit http://www.engr.ncsu.edu/promise/engr_building2.php.

Order a Personalized Brick for the Engineering Building II Walkway

Alumni and friends are invited to help build a pathway to the future for the College of Engineering at NC State University. Your personalized brick will be installed in front of Engineering Building II, where it will become a permanent part of our history. By contributing to our brick campaign, you are supporting the educational goals of NC State. For more information on Engineering Building II, please visit www.engr.ncsu.edu/promise/.
