Zhihao Gao
Assistant Teaching Professor
Ph.D. (2017), University of Florida
Research interests: Computer systems, security assessment, privacy of computer systems, machine learning, and artificial intelligence.

Zhishan Guo
Associate Professor
Ph.D. (2016), University of Houston
Research interests: Real-time systems, computer security, artificial intelligence, and machine learning.

Jamie Jennings
Assistant Teaching Professor
Ph.D. (2016), Rice University
Research interests: Theory, algorithms, and computational systems.

Zhaoxi Li
Assistant Professor
Ph.D. (2016), Duke University
Research interests: Software engineering, robots, and machine learning.

Xiaorui Liu
Assistant Professor
Ph.D. (2015), Michigan State University
Research interests: Cloud computing, security, social computing, and artificial intelligence.

Xiaoan Liu
Assistant Professor
Ph.D. (2013), University of Arizona
Research interests: Large scale machine learning, distributed machine learning, and efficient decision making.

Yang Li
Assistant Teaching Professor
Ph.D. (2019), University of Florida
Research interests: Computer systems, security assessment, and artificial intelligence.

Yuchen Liu
Assistant Professor
Ph.D. (2019), University of Illinois at Urbana-Champaign
Research interests: Software testing, and artificial intelligence.

Yuxin Liu
Assistant Professor
Ph.D. (2018), University of North Carolina at Chapel Hill
Research interests: High performance computing, software engineering, and artificial intelligence.

Zhaoxi Li
Assistant Professor
Ph.D. (2015), University of Arizona
Research interests: Cloud computing, security, social computing, and artificial intelligence.

Xiaorui Liu
Assistant Professor
Ph.D. (2015), Michigan State University
Research interests: Cloud computing, security, social computing, and artificial intelligence.

Bradley Reaves
Assistant Professor
Ph.D. (2017), University of Florida
Research interests: Machine learning and improving the security of software and game development.

Gregg Rothemel
Professor and Department Head
Ph.D. (2003), Clemson University
Research interests: Software engineering, security, and artificial intelligence.

Don Sheehy
Assistant Professor
Ph.D. (1992), Carnegie Mellon University
Research interests: Computational geometry and topology of data analysis.

Sharma Thakur
Assistant Professor
Ph.D. (2015), University of Florida
Research interests: Optimization, computer science, and software engineering.

Dongkuan Xu
Assistant Professor
Ph.D. (2018), University of Illinois at Urbana-Champaign
Research interests: Machine learning, data processing, and artificial intelligence.

Man-Ki Yoon
Assistant Professor
Ph.D. (2014), University of Illinois at Urbana-Champaign
Research interests: Data analysis, cyber-physical systems, and artificial intelligence.

Ruzhou Yu
Assistant Professor
Ph.D. (2018), University of Arizona
Research interests: Cybersecurity, distributed systems, and artificial intelligence.
The Department of Computer Science is located on NC State’s Centennial Campus, one of the premier academic/industry innovation campuses in the United States. Students have an opportunity to take classes and conduct research in proximity to leading companies in their field.

Raleigh, NC, home of NC State, is annually ranked as one of the best places in the United States to live, work and start a family. The Research Triangle area of the state is experiencing some of the fastest technology sector growth of any area in the country.
